

# New York Expo Floor Plan

June 13-15, 2017  
Jacob K Javits  
Convention Center  
New York, NY

### Center Stage

Free presentations, demonstrations, and industry spotlights – this is the base for all the show action.

### Tech Theater

The latest tech in action! Exhibitors showcase their latest products, answer questions, and help you find the solutions to your projects.

### 3D Printing Zone

Explore the latest developments in 3D printing on the show floor. This area will serve engineers as a place to improve their design and manufacturing process, and satisfy their curiosity on the latest advancements.

### Smart Manufacturing

Explore the latest in collaborative robots and cyber-physical systems defining how humans work with machines – and manufacture for the future.
