

New Market, New Opportunities! Coming to Texas in 2012...

March 14-15, 2012

Fort Worth Convention Center
Fort Worth, TX

UBM Canon is pleased to announce the new Texas show lineup coming to Fort Worth, Texas in 2012.

Medical product manufacturing is a \$5 billion Texas industry and includes medical devices, electromedical and electrotherapeutic equipment and systems, in-vitro diagnostics, and associated healthcare supplies. From 2000 through 2008, venture capital firms invested roughly \$537 million in Texas medtech. Leading companies in the area include Abbott, Bayer, Cardinal Health, Medtronic, Pfizer, Siemens, St. Jude, Smith & Nephew, Stryker, and Zimmer, to name a few.

The premier trade show for the Texas packaging marketplace, TexasPack features the leading suppliers of packaging equipment, materials, and contract services used to package and process a wide range of food, beverage, consumer and industrial products.

Design & Manufacturing Texas features leading suppliers of industry software solutions for design and business, rapid prototyping, design services, custom molding, machining and components, fastening and joining systems, and turnkey contract services used in the design and manufacture of a wide range of industrial and high technology products.

Quality assurance and control is critical to the success of U.S. advanced manufacturing. Quality Expo Texas features the entire spectrum of products, systems, and solutions for efficient, effective quality assurance/control to help manufacturers meet the challenges of today's global economy. Quality Expo Texas is the must-attend industry event for manufacturing and production professionals sourcing the very latest in test, measurement, inspection, control software solutions, and much more.

Your gateway to Texas' advanced manufacturing marketplace, ATX Texas features leading suppliers of custom automation/assembly systems, robotics, vision inspection systems, control software and hardware, sensors, motion control, drives, motors, and more used to enhance manufacturing productivity to help manufacturers compete in today's global marketplace.

Introducing the new conference and exhibition for the aerospace, aviation, defense, and related industries. All of the top ten global aerospace and defense companies have operations in Texas, including Boeing, EADS, Lockheed Martin, United Technologies, Honeywell, Northrop Grumman, General Dynamics, BAE Systems, Raytheon, and SAFRAN.

Accelerate your business cycle in the Texas market, and contact the person corresponding to the show in which you are interested:
