Mtec Visitors Read Like the Who's Who of the Industry

Over 75% of visitors to Mtec 2011 were directly responsible for influencing or making purchasing decisions

Sample of visiting companies from the 2011 show

3M United Kingdom PLC, Air Liquide, Air Products PLC, Airbus UK, Airline Pneumatics Limited, Airmotorco, Allen Vanguard, Apeks Marine Equipment Ltd, Astrazeneca, Austin Benn, Autonnic Research Limited, Avalon Sciences Limited, Avantes BV, B Braun Medical, Bae Systems, Bae Systems Submarine Solutions, Bb Rail, Becton & Dickinson, Belcom, Bio Products Laboratory, Bisley Office Equipment Ltd, Bns Nuclear Services, Bosch Rexroth Ltd., Brammer UK, British Energy (EDF), Caterpillar UK Limited, Chubb Locks Custodial, Crown Packaging UK PLC, Daewon Europa, Daniels Healthcare Limited, Depuy International Ltd, Doosan Babcock, Energy Limited, Eads Defence and Security, Emcon Technologies, Farm Energy & Control Services Ltd, Ford Cars, Ford Component Manufacturing, Ge Healthcare, Gillette UK Ltd, Gkn Autostructures Ltd, Glassman Europe Ltd, H J Heinz Co Ltd, Hendrick Industrial, Equipment Ltd, Honeywell - MK Electric, Ics Robotics and Automation Ltd, Imi Norgren Ltd, Jaguar Landrover, Jiffy Packaging Co Ltd, Johnson Diversey Equipment Ltd, Johnson Matthey, Noble Metals, Mantis Deposition Ltd, McLaren Electronic Systems, Metronet Rail, Mettis Aerospace Ltd, Neuteq-Europe Ltd, Nissan UK, Nokia, Norbar Torque Tools Ltd, Oxford Gene Technology, Oxford Medical Diagnostics, Pall Europe Limited, Pfizer, Philips Avent, Power Torque, Engineering Ltd, Precision Ceramics, Psi Global, Qinetiq Ltd, Rail Vision, Rdp Electronics Ltd, Remote Engineering Systems, Rencol, Rolls Royce, Samsung, Sem Limited, Sick UK, Siemens Ind. Turbomachinery Ltd, Sigma Asl Ltd, Skf (UK) Ltd, Smart-E (UK) Ltd, Smith & Nephew, Smiths Medical, Solberg International (UK) Ltd, Sony UK Ltd, Space Research Centre, Stfc Rutherford, Appleton Laboratory, Tag, The Happy Apple Company Ltd, Tia Ltd, Trelleborg Offshore, Tyco Electronics UK Ltd, Unilever Research & Development, United Wire, Vitesse, Wallop Defence Systems...and many more!

How we will deliver your key customers to Mtec 2012

The 2012 visitor marketing programme will be unrivalled in terms of breadth, outreach, and investment. Tens of thousands of free visitor invitation cards will be delivered by direct mail, magazine insertions, email & fax. The event website provides extensive show coverage, and online registration is fast and easy. Supporting advertising and press releases will appear from October 2011 in the UK's premier industrial and engineering related press. Exhibitors will be offered free invitation cards to target their own potential customers and relationships will be fostered with all key trade associations.

Free Seminars and Workshops That Add Real Value for Mtec Visitors

Once again Mtec 2012 will provide free seminars and workshops in our purpose-built 'Presentation Theatre' on the show floor. This year saw the likes of ISA England, BSSM, AILU, Siemens, National Instruments, ABB & Honeywell Control Systems, all offering valuable updates on the latest developments, techniques and legislation in the related industry.

Mtec – Totally Focused on Sensors, Measurement & Instrumentation Technologies

The Main Products on Display at Mtec

Exhibitors at Mtec will include manufacturers, agents and distributors showcasing products and services allied to the following industry interests:

- Actuators – drives, pumps, switches, valves
- Analysers – data, gas, spectrum, thermal
- Calibrators – temperature, pressure, flow
- Components
- Connectivity
- Controls & controllers – PLC's telemetry, systems, timers
- Control software & systems
- Drives
- Data acquisition – loggers, printers, recorders, SCADA
- Ethernet & fieldbus
- Industrial networking – ethernet, bus systems, hardware
- Industrial PC's & PLC's
- Instrumentation – test, field, analytical, laboratory
- Intelligent valves & actuators
- Intrinsic safety
- Quality assurance – corrosion, hardness, materials, leaks
- Radio networking & SCADA
- Signal conditioning – amplifiers, filters, software, signal generators
- Sensors – contact and non-contact sensing for test, measurement, data acquisition
- Soft PLC technology

Exhibition Packages

All you need do is choose from one of our two stand packages designed to suit your needs:

RAW SPACE	£260 + VAT per square metre
SHELL SCHEME	£290 + VAT per square metre. Includes walls, name board, power & lighting
