VISITORS PROFILE

- Packaging research, development and purchasing managers
- Drug developers
- Senior corporate and technical management
- Quality and production management
- Engineering management
- Opinion-leading doctors, pharmacists and health personnel
- Research and development
- Academics and research institutions

International attendance with over 38% of attending visitors coming from abroad – Pharmapack is truly an international event!

TWO DAYS OF HIGH-LEVEL CONFERENCES

Trends and packaging innovations will be at the heart of the conference programme which will bring together a panel of renowned international experts from health agencies, pharmaceutical and medical companies, technology providers, academics, researchers and pharmacists.

Particular attention will be brought to innovations in:

- Drug packaging design and technologies enhancing product efficiency, patient and health personnel security, compliance, ease of use
- Sustainability, cost to design
- New materials / compatibility
- Emerging technologies and drug delivery technologies for the administration of parenteral, enteral, orals, lyophilisation products, transdermal, pulmonary, nasal and ophthalmic dosage forms
- Track & trace, control and fight against counterfeiting technologies

*If you wish to submit a paper, please send your proposal no later than **30 June 2011** to aurore.domange@ubm.com*

PHARMAPACK AWARDS

Awarded by a panel of health professionals, the Pharmapack Awards reward drugs, medical devices, health products, and veterinary formulations launched on the French market between December 2010 and 2011 and whose packaging innovations significantly contribute to proper drug use and compliance.

Technology providers and industry professionals are invited to submit their application form before 15 November 2011

For further information, please visit:
www.pharmapack.fr

OVER 70% OF THE EXHIBITORS HAVE RENEWED THEIR PARTICIPATION (AS OF MAY 2011)

INTERNATIONAL EXHIBITION

The leading international technology providers exhibit at Pharmapack Europe. **Over 250** designers, manufacturers and distributors are expected, including:
