A number of services have specific information requirements. For example, you will be asked to enter your individual wishes in free-text fields or to acknowledge certain information by confirming mandatory fields (*). In particular, please note that technical services require an overview of your stand. For this, please use the form available for download (in PDF format).

Services excluded from online booking:

Unfortunately, not all services can be booked online. These services are marked as such and can be booked using the relevant order forms which are available for download (in PDF format). Please complete the order form and send it to us. We also recommend you book the service online as a placeholder. This means that the item is documented in the order list, thus ensuring you have a full overview of the booked services.

Order time limit:

The Online Service Center is closed as soon as assembly begins. After this, only written orders are possible.
